

17.01.15–21.01.2015 – Ireland – Dublin – St Vincent's Castleknock College Dublin – Planning meeting – Attending countries: IE, SW

Student Activities for Completion of Final Project

Students carried out field research in the Docklands area in Dublin city centre. Surveys were given to people in order to gather data for the final project. Students began to organise and analyse their findings. Intercultural dialog between teachers and students

The cooperations:

IE – SW – Investigating similarities and differences in similar Dockland areas which have been regenerated in both Stockholm and Dublin.

They visited tourist attractions with their Irish counterparts on Sunday and worked in the School Monday and Tuesday.

A visit to the Dublin City Council was organized by Irish teachers.

It was agreed that all findings and reports would be completed by March 13th.

Dissemination activities:

Protocol written by James O'Loughlin
